

**C2: Creating a new user account**

Type	Priority	Estimate	References
Functional	High	None	None
<b>Automation Type</b>			
None			

**Preconditions**

1. The e-mail address used for registration must not be in the database. 2. The user is located on the home page of <https://www.e-podroznik.pl/>.

**Steps**

1	Click the "My Tickets" button in the header of the page.	A drop-down list appears with the option to check ticket,login or register.
2	Click the "Create Account" button.	The user is taken to a new page with registration form.
3	Fill out the form with the required data : username:testoweuser1; password: testowehaslo; repeat password:testowehaslo, email: <a href="mailto:testowyemail1@gmail.com">testowyemail1@gmail.com</a> . Check the boxes in the field "I am not a robot" and at the information "I accept the terms and conditions and Privacy Policy". Finally, click the "Create account" button.	A message appears asking you to confirm your email address and you are taken to the "Your Tickets" panel page.
4	Click "OK" to close the message regarding the need to confirm the e-mail address.	The user is in the navigation panel "Your tickets".The account has been registered.
